About QFF OAU 2026

The Ignition Point for Quantum Innovation at Great Ife

Qiskit Fall Fest at Obafemi Awolowo University is an academic and developer catalyst. We bring together undergraduate physicists, mathematicians, software engineers, and high school prodigies to demystify quantum computing, foster an authentic research culture, and equip young Nigerian minds to contribute to global quantum innovation.

1

Quantum Foundations & Qiskit

Hands-on circuit construction, superposition, and cloud execution on real IBM Quantum systems.

2

Physics & Mathematical Rigor

Bedrock foundations in linear algebra, state vectors, Hilbert space, and quantum entanglement.

3

Code Jams & Challenges

High-energy live circuit challenges awarding ₦50,000 cash prizes to top student problem solvers.

4

Secondary STEM Outreach

Inviting 40 secondary students from 4 local schools to build their very first Bell State in Qiskit.

3-Year Growth & Trajectory

From "First Signal" to National Leadership

Now in its 3rd edition, Qiskit Fall Fest at OAU has consistently grown in attendance, academic rigor, and pan-African visibility.

EDITION 1 · 2024

"First Signal"

180+ Attendees

First introduction to quantum mechanics and Qiskit notebooks. Established OAU's quantum student community.

EDITION 2 · 2025

"Momentum"

280+ Attendees

Cloud runtime execution, cross-department collaboration between Physics and Computer Science students.

EDITION 3 · 2026

"Pushing Limits"

300+ Students

Held at Opolo Innovation Hub. High school outreach lab, Saturday Code Jams with ₦50k cash prizes, global keynotes.

300+	40	₦50,000	100%
Target Attendees	High School Prodigies	Cash Prize Pool	Talent Investment

Why Support QFF OAU?

Investing in Africa's Future Talents

We are inviting you to invest in the future of African scientific talent. Your sponsorship directly builds the infrastructure for young Nigerian minds to learn, build, and lead in quantum computing.

Empower the Next Generation of Scientists

Directly sponsor 40 high school prodigies from 4 premier schools in Ile-Ife as they experience their very first hands-on quantum lab and code their own Bell State in Qiskit.

Foster an Authentic National Research Culture

Bridge the gap between theoretical textbook physics and quantum software engineering, preparing undergraduate researchers for competitive international graduate fellowships and deep-tech startup creation.

Reward Academic Excellence & Problem-Solving

Fund the ₦50,000 merit cash prize pool awarded directly to the Top 3 student teams in Saturday's Code Jam, validating their hard work, technical mastery, and algorithmic ingenuity.

Who You Are Empowering

Target Audience Demographics

Qiskit Fall Fest 2026 brings together an eager, multidisciplinary cohort of 300+ students and researchers across Great Ife.

Undergraduate Physics & Mathematics Majors

Deep mathematical thinkers looking to transition theory into quantum circuits.

40%

Computer Science & Engineering Students

Software developers eager to master quantum SDKs, IBM Qiskit, and algorithmic optimization.

35%

Secondary STEM Prodigies & Science Teachers

40 hand-selected students from 4 premier high schools in Ile-Ife participating in hands-on labs.

15%

Academic Faculty, Postgraduates & Researchers

University lecturers and researchers exploring collaborative research and capacity building.

10%

Event Schedule & Venue

Opolo Innovation Hub, OAU (Both Days)

A unified, world-class innovation center ensuring continuous power, air-conditioned seating, high-speed internet, and projection facilities.

DAY 1 · FRIDAY, NOV 27

Next-Gen Outreach & Foundations

10:00 AM — Opening & Welcome Remarks

10:45 AM — High School Outreach Lab (40 Students)

11:30 AM — Hands-on Bell State Build in Qiskit

01:00 PM — **Refreshment & Networking Break**

01:30 PM — Physics & Math Rudiments (Dr. Fadodun)

02:15 PM — Quantum Careers & Pathways (Mr. Ini Ukut)

03:00 PM — Day 1 Wrap-up & Student Certificates

DAY 2 · SATURDAY, NOV 28

Global Keynote, Code Jam & Awards

10:00 AM — Global Keynote: Pushing Limits (Pawel Gora)

11:00 AM — Capacity Building Talk (Favour Alfred)

11:45 AM — IBM Quantum Getting Started Session

12:30 PM — **Refreshment & Networking Break**

01:15 PM — Live Quantum Code Jams & Challenges

03:30 PM — Challenge Evaluation & Live Judging

04:00 PM — ~~₦~~50k Awards Ceremony & Finale

Global & Pan-African Keynotes

World-Class Scientific Mentorship

Exposing students to frontier computational problems and high-leverage domains where African researchers can lead.

Pawel Gora

KEYNOTE SPEAKER

Founder & CEO, Quantum AI Foundation · Board Member, QWorld

Session: "Pushing Beyond the Limits: Focus Areas & Use Cases in Quantum Computing"

Inspiring students to explore frontier applications where early researchers can stand out and create genuine global impact.

Favour Alfred

DISTINGUISHED SPEAKER

Delegate, African Quantum Consortium

Session: "Quantum Education & Capacity Building in Nigeria"

Fostering an authentic research culture among Nigerian undergraduates, navigating competitive grad school applications abroad, and early-stage quantum startup creation.

Mr. Ini Ukut

INDUSTRY SPEAKER

Head, QNigeria

Session: "Career Paths & Navigating the Quantum Computing Ecosystem"

Guiding young African scientists on career trajectories across algorithm engineering, research fellowships, and developer advocacy.

Technical Faculty & Mentors

Rigorous Theory to Live Circuit Synthesis

Guiding participants from physics bedrock to hands-on quantum circuit problem-solving.

Dr. Fadodun

FACULTY ADVISOR

Department of Physics, Obafemi Awolowo University

Session: "Rudiments of Quantum Computing: Physics & Mathematics"

Explaining the mathematical foundations (linear algebra, bra-ket notation, superposition, entanglement) that launch students into technical sessions.

IBM Quantum Specialist (TBA)

SPECIAL GUEST SESSION

IBM Quantum Technical Lead

Session: "Getting Started in Quantum Computing & Qiskit Execution"

Demystifying cloud execution on quantum hardware, developer tooling, and global open-source quantum contributions.

Ovie Ohwoka & Adesina Lekan

CHALLENGE ARCHITECTS

Technical Facilitator & Lead Organiser

Session: "Saturday Code Jams & Algorithmic Circuit Challenges"

Designing, mentoring, and adjudicating the competitive circuit benchmarks awarding ₦50,000 cash prizes to top solvers.

Grassroots Youth Outreach

Secondary School Quantum Lab

Early exposure is the ultimate catalyst. On Friday, Nov 27, we are hosting 40 selected high school prodigies from 4 schools in Ile-Ife for an intensive, hands-on lab.

🏫

40 Students · 4 Schools

Inviting 10 top science students and STEM teachers from each of 4 secondary schools across Ile-Ife.

💻

10 Dedicated Laptops

Provided on-site so students write and run real Qiskit code directly rather than passively listening.

The Core Milestone: Building a Bell State in Qiskit

By the end of the lab, every student will have constructed, entangled, and measured their own maximally entangled Bell state:

```
|Φ+> = (|00> + |11>) / √2
```

Transparent Event Budget

100% Direct Student Benefit

Every single Naira is deployed directly to attendee hospitality, venue infrastructure, and student merit cash awards.

Line Item & Operational Scope	Amount (NGN)	Est. USD
Refreshments (Both Days) High-quality refreshments for 300+ university and high school attendees	₦120,000	$82
Venue Hire (Opolo Innovation Hub) Dedicated 2-day hall reservation, air conditioning, screens & continuous power	₦120,000	$82
Code Jam Merit Cash Prize Pool Merit cash awards presented to the Top 3 student problem solvers	₦50,000	$34
Prints & Event Publicity Main stage backdrop banner, directional signs & student participation certs	₦15,000	$10
Dedicated High-Speed Internet Low-latency connection for cloud Qiskit simulations & global keynote stream	₦10,000	$7
10% Miscellanies & Contingency Power adapters, cabling, emergency technical logistics	₦31,500	$21
GRAND TOTAL FESTIVAL BUDGET	₦346,500	~$236 USD

✦ **Complete Financial Transparency:** 100% of sponsorship contributions are directly allocated towards university and secondary school student benefit.

Principal Patron Recognition

Dignified & High-Visibility Privileges

We honor our principal patron with prime pre-event digital visibility and prominent physical recognition on the event stage throughout both festival days.

PRE-EVENT DIGITAL PRIVILEGES:

- Headline Logo on Website
- "Supported by [Patron Name]" on All Flyers
- Dedicated Social Media Spotlight Campaign
- Acknowledged in University Circulars

STAGE BACKDROP & ONSITE RECOGNITION:

- Prominent Name / Logo on Stage Backdrop (Both Days)
- Formal Opening Ceremony Acknowledgment
- Grand Finale & Award Ceremony Appreciation

Note: Certificates belong strictly to the participating students as pure academic achievements. All festival sessions remain reserved for educational instruction and hands-on coding.

Patron Contribution Tiers

Exactly 3 Clean Partnership Tiers

Choose a tier that aligns with your philanthropic vision to underwrite this historic gathering.

TITLE PATRON

🌟 Grand Festival Patron

₦350,000

~$250 USD · Covers 100% of Festival

✓ **Underwrites entire event**

✓ Headline logo on stage backdrop

✓ "Presented by" on all flyers

✓ Dedicated social spotlight

UNDERWRITES 100%

VENUE & TECH

🚀 Quantum Pioneer Patron

₦150,000

~$100 USD · Infrastructure & Hub

✓ **Underwrites Opolo Hub venue**

✓ Prominent logo on stage backdrop

✓ Featured logo on digital flyers

✓ Verbal stage recognition

VENUE PARTNER

PRIZE & LAB

🌱 Next-Gen Talent Patron

₦50,000

~$35 USD · Student Merit Awards

✓ **Underwrites cash prize pool**

✓ Acknowledgment on website

✓ Name on event flyer footer

✓ Featured patron credit

PRIZE SPONSOR

Leadership & Organizing Committee

The Team Driving Quantum in OAU

An experienced, passionate group of student leads, software engineers, and faculty mentors.

Adesina Lekan

Lead Organiser, Qiskit Fall Fest OAU 2026

Festival Lead & Quantum Algorithms Architect

Temitope Akinsunmade

Lead, GDG on Campus OAU

Organizing Committee Lead & Financial Stewardship

Oreoluwa Adigun

Quantum Computing Lead, GDG on Campus OAU

Technical Curriculum & Student Mentorship

Dr. Fadodun

Faculty Advisor, Dept of Physics, OAU

Academic Supervision & Theoretical Foundations

Ovie Ohwoka

Technical Facilitator & Code Jam Host

Computational Systems & Benchmark Judging

Blessing Agbor

Community & Logistics Lead

Attendee Experience & Volunteer Coordination

Joseph Oyetunde

Infrastructure & Systems Lead

Audio-Visual Setup, Network & Projection

Olamide Lawal

Outreach & Logistics Lead

Secondary School Coordination & Teacher Liaison
